

OUR NAME IS WHAT WE DO
silicone medical extrusion

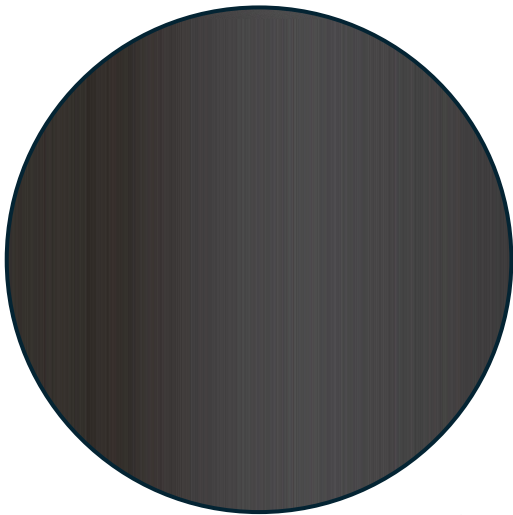

**We Focus Exclusively on
Providing the Highest
Quality Medical Grade
Silicone Extrusion**

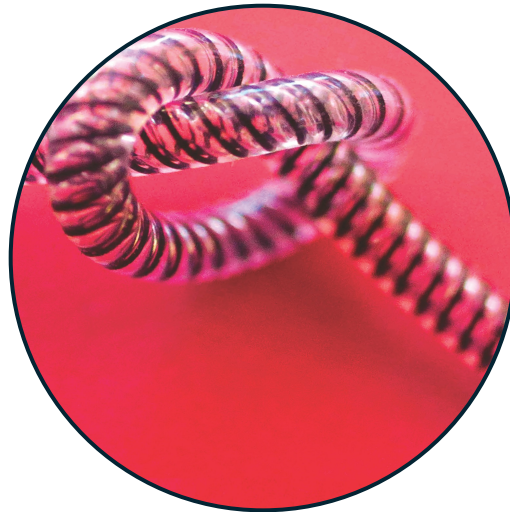

ONE SINGULAR FOCUS

SiMEDEx' singular focus on silicone extrusion allows the company to concentrate its capital investments on equipment required for best-in class extrusion.

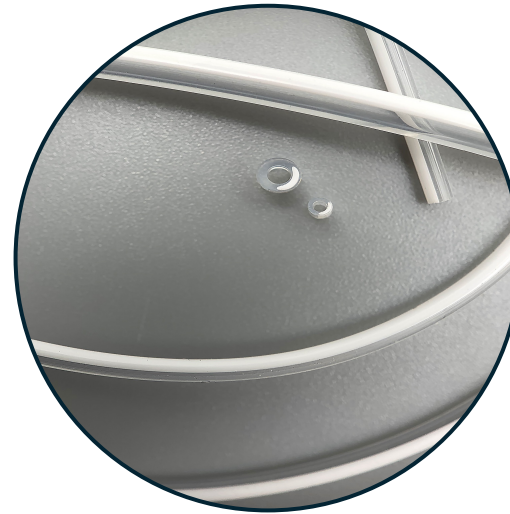

SiMEDEx' manufacturing equipment list includes extruders of various sizes, vertical and horizontal curing ovens, post cure ovens, and both in-line and off-line automated cutting equipment.

EXTRUSION EXPERTS

SiMEDEx' recent technical achievements include micro-tubing with wall dimensions as thin as 0.002" various types of reinforced tubes, layered geometries containing antimicrobial additives, and multi-lumen twisted tubes meeting tolerances of less than 0.001".

We operate 3 ISO-13485 certified extrusion lines, each scalable to meet our customers' requirements. Providing exceptional customer service is as important as providing the highest quality silicone extrusions.

SUPERIOR CUSTOMER SERVICE

Providing exceptional customer service is as important as providing the highest quality silicone extrusions. We strive to answer all inquiries within 24 hours, quotes are generally delivered within 48 hours, and many jobs are completed within 2-8 weeks depending on materials availability and cooling lead times.

SiMEDEx is an ISO 13485:2016 certified company offering unparalleled quality, reliability and depth of experience for your precision silicone tubing needs.

INNOVATION, IMAGINATION, EXPERTISE

The SiMEDEx leadership team was purposely selected to pull together expertise across various disciplines. The talented group highlighted here directs the company's approach to Marketing, Engineering, Production/R&D, Quality Assurance, and Sales.

A lot of companies talk about expertise.

At SiMEDEx you'll see proof in the patents on the wall and in the products we produce every day.

SiMEDEx is an ISO 13485:2016 certified company offering unparalleled quality, reliability and depth of experience for your precision silicone tubing needs.
